HAMILTON ISLAND GOLF COURSE

The 18-hole, par 71 Hamilton Island Golf Course is said to be one of the most challenging in the world. Designed by five time British Open winner Peter Thomson, the course is strung along the spectacular ridges and steep valleys of Dent Island.

The course boasts a variety of obstacles for those willing to take on the challenge – wicked winds; impenetrable bushland; people have even called the 14th hole, the “Valley of Death”. Despite its punishing design the golf course is a “must do” for both novice and professional golfers, catering for all experience levels.
